INSTRUCTIONS TO EVALUATOR: Assume the referee is 'Average', or a 3, in each category to start. As the bout progresses, your evaluation may move up or down from there. At the conclusion of the bout, the top six categories should have a rating circled from 1 to 5. Total the six ratings and enter it into the 'TOTAL POINTS' line. This total should range from a low of 6 to a maximum of 30 points. IF the bout was unusually difficult, you may award up to 2 bonus points, one in each of the 'Bonus' categories. Written comments are encouraged to support your ratings.
